SUMMARY

- Full Stack Web Developer with a background in Stage Management and Event Production.
- Effective at combining attention to detail and task management skills to engage teammates and complete projects with agility
- Team player

TECHNICAL SKILLS

Moderate: HTML, CSS, Javascript, jQuery, Bootstrap, AJAX, React, Node JS, Express, MySQL, MongoDB

PROJECTS

Sorting Hat || Link to Deployed Project: https://tlam1288.github.io/Sorting-Hat-Quiz/

A team of web developers created a multiple-choice quiz from which users are sorted into a house at Hogwarts School of Witchcraft and Wizardry with a list of their housemates.

- As part of the front-end team, I assisted in researching the technologies used, creating the layout design of each page of the app, and styling aspects
- Technologies used: HTML, CSS, jQuery, AJAX, Harry Potter API

Cookbook || Link to Deployed Project: https://still-sierra-23537.herokuapp.com/

Faced with busy days and wanting easier access to new and favorite recipes, our team built this app to spend less time preparing to meal prep, and more time enjoying meals.

- As part of the front-end team, I assisted in researching the technologies used, creating the layout design of each page of the app, styling aspects, and routing
- Technologies used: HTML, CSS, Bootstrap, Sequelize, Handlebars, Express, Edama API

RELEVANT EXPERIENCE

Stage Manager/Show Caller   2017 - present

Working in various venues and mediums (traditional theatre, opera, dance, and live events), responsibilities include creating each day's schedule; tracking props and costumes; problem solving on the spot; writing a daily report detailing what was accomplished and communicating notes/questions for designers; delegating tasks to crew members; and calling lighting, sound, and deck cues.

- Stage Management resume available upon request

EDUCATION

Bootcamp Certificate *(Expected Completion: August 2020)*: University of California, San Diego
A 12-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.

BA in Theatre Technology: Dillard University, New Orleans, LA

MFA in Stage Management: University of California, San Diego
