SUMMARY

- Full Stack Web Developer with a background in Stage Management and Event Production
- Effective at combining attention to detail and task management skills to engage teammates and complete projects with agility
- Team player, Organized, Communicative

TECHNICAL SKILLS

Moderate: HTML, CSS, Javascript, jQuery, Bootstrap, Material, AJAX, React, Node JS, Express, MySQL, MongoDB, Adobe XD

PROJECTS

Sorting Hat: https://tlam1288.github.io/Sorting-Hat-Quiz/ | https://github.com/tlam1288/Sorting-Hat-Quiz
A multiple-choice quiz from which users are sorted into a house at Hogwarts School of Witchcraft and Wizardry, along with a list of their housemates.
- As part of the front-end team, I assisted in researching the technologies used, creating the layout design of each page of the app, and styling aspects
- Technologies used: HTML, CSS, jQuery, AJAX, Harry Potter API

Cookbook: https://still-sierra-23537.herokuapp.com/ | https://github.com/mandisareed/cookbook
Faced with busy days and wanting easier access to new and favorite recipes, this app was built to spend less time preparing to meal prep, and spend more time enjoying meals.
- As part of the front-end team, I assisted in researching the technologies used, creating the layout design of each page of the app, styling aspects, and routing
- Technologies used: HTML, CSS, Bootstrap, Sequelize, Handlebars, Express, Edamam API

HERstory: https://herstoryed.herokuapp.com/signup | https://github.com/mandisareed/HERstory
An interactive learning application to expand users' knowledge on important women of history, especially those who don't typically get mentioned in the average textbook.
- Project Coordinator
- Created mock-ups via diagram.net, built the quiz page, assisted teammates with styling and routing to the database
- Technologies used: React, HTML, CSS, Mongoose, Material UI, Express, MongoDB, Typicode API

RELEVANT EXPERIENCE

Stage (Production) Management   2014 - Present

Working in various venues and mediums (traditional theatre, opera, dance, and live events), responsibilities include, but are not limited to: creating each workday's schedule; tracking props and costumes; problem-solving on the spot; writing a daily report detailing what was accomplished and communicating notes/questions for designers; delegating tasks to crew members; and calling lighting, sound, and deck cues.
- Production resume available upon request

EDUCATION

Full Stack Web Development Bootcamp Certificate: University of California, San Diego
- A 12-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.

MFA in Stage Management: University of California, San Diego

BA in Theatre Technology: Dillard University, New Orleans, LA
